Experience

UI Developer | TEAM LEAD at Webmate Business Solutions, Calicut, Kerala

Dec 2022 - Dec 2023

talentmate.com

Talentmate is an ATS software application used by employers and HR professionals to streamline and automate the process of recruiting and managing job candidates throughout the hiring process.

fynth.com

Fynth houses two main SaaS applications: HR software solutions and an Applicant Tracking System (ATS). The HRMS is designed to help organizations efficiently manage their human resources and related processes, while the ATS is designed to assist employers and HR professionals in streamlining and automating the process of recruiting and managing job candidates throughout the hiring process.

UI Developer at Vtrio Solutions, Cochin, Kerala

Dec 2018 - Dec 2022

NAIFA

NAIFA is one of the oldest and largest trade organizations in the insurance field whose members include Insurance Agents/Advisors (Captive and independent), Financial Advisors, & Financial Planners, Investment Advisors, Broker/ Dealers, Multiline Agents, etc.

NAIFA and associated websites and blogs are created using the HubSpot platform. They also use SendGrid for email purposes and Canva for social media marketing.

Tvstoybox

The Site delights kids with complete lines of hard-to-find character toys and party supplies and tops them off by personalizing hundreds of apparel and décor items. The tasks include providing support for the enterprise Magento shop which contains several extensions and third-party inventory system integration in this Project.
